

Beginning January 1st, 2009, organizations will need to report on the value of their tangible capital assets, per PSAB 3150 requirements. Riva Modeling's TCA On Demand inexpensively automates the process, from data collection and entry through to the valuations and production of PSAB 3150 compliant reports.

FEATURES AND BENEFITS

<p>Best practices <i>Valuation parameters and reports</i></p>	<p>Riva's experience implementing PSAB solutions in small and large municipalities across Canada ensures PSAB 3150 compliance for you:</p> <ul style="list-style-type: none"> • Riva TCA On Demand reduces your costs by using comparable valuations and standardized reports; • Riva TCA On Demand includes standard depreciation schedules that you can apply by asset or asset group, in line with PSAB 3150 requirements.
<p>Ease of use <i>Simple step by step process</i></p>	<p>Riva TCA On Demand templates guide you through the process from trouble-free data collection and entry, through to issuing PSAB 3150 compliant reports.</p>
<p>Continuity <i>Year-over-year tracking</i></p>	<p>Riva TCA On Demand provides a single repository with a clear snapshot and continual tracking of municipal assets year over year.</p>
<p>On Demand <i>Browser based web-hosted service</i></p>	<p>With Riva PSAB On Demand, there are no additional costs associated with hardware or software implementation or maintenance. As a web service, Riva TCA On Demand is available from any existing laptop/workstation through a secure web connection.</p>
<p>Secure <i>Disaster-proof environment</i></p>	<p>With Riva PSAB On Demand, only the owner and contributors have access to data and the ability to publish reports. Multiple redundancy in Riva's data hosting environment ensures fail-safe recovery and continuous availability for you.</p>

TCA On Demand comes pre-configured with best practice definitions for all common asset types as well as standard valuation methods for all your linear assets and many other asset types. So you only need to execute the following simple steps to become fully functional:

1. Capture your inventories on spreadsheets using PSAB On Demand's Excel templates;
2. Upload the spreadsheet inventories to TCA On Demand with our user friendly synchronization wizard;
3. Review the inventories and valuations of your assets using the Sign Off Report, including acquisition value, current net book and estimated useful life.
